## BAB I PENDAHULUAN

1.1 Latar Belakang Penelitian .................................................. 1

1.2 Rumusan Masalah ................................................................. 10

1.3 Tujuan Penelitian .................................................................... 11

1.4 Manfaat Penelitian .................................................................... 12

## BAB II KAJIAN PUSTAKA, KERANGKA PEMIKIRAN, DAN HIPOTESIS

2.1 Kajian Pustaka ........................................................................ 13
2.1.1 Pasar Modal .................................................................................................................. 13
2.1.2 Analisis Teknikal dan Fudamental .............................................................................. 14
2.1.3 Harga Saham .................................................................................................................. 16
2.1.4 EVA (Economic Value Added) ....................................................................................... 17
2.1.5 ROE (Return On Equity) ............................................................................................. 19
2.1.6 Current Ratio ................................................................................................................... 20
2.1.7 Total Assets Turnover Ratio .......................................................................................... 21
2.1.8 Debt to Equity Ratio ....................................................................................................... 22

2.2 Review Penelitian Terdahulu ......................................................................................... 23
2.3 Kerangka Pemikiran ....................................................................................................... 31
2.4 Hipotesis .......................................................................................................................... 36

BAB III OBJEK DAN METODOLOGI PENELITIAN

3.1 Objek dan Ruang Lingkup Penelitian .............................................................................. 37
   3.1.1 Objek Penelitian .......................................................................................................... 37
   3.1.2 Periode Penelitian ....................................................................................................... 37
3.2 Metode Penelitian .......................................................................................................... 37
3.3 Operasional Variabel Penelitian ...................................................................................... 38
   3.3.1 Variabel Dependen ...................................................................................................... 38
   3.3.2 Variabel Independen .................................................................................................... 38
3.4 Metode Pengumpulan Data ........................................................................................... 43
3.5 Teknik Penentuan Populasi dan Sampel ....................................................................... 43
   3.5.1 Populasi ....................................................................................................................... 43
   3.5.2 Sampel ........................................................................................................................ 43
BAB IV HASIL PENELITIAN DAN PEMBAHASAN

4.1 Deskriptif Unit Analisis ................................................................. 53

4.2 Uji Asumsi Klasik ................................................................. 60
  4.2.1 Uji Normalitas .............................................................. 60
  4.2.2 Uji Multikolinearitas ......................................................... 61

4.3 Model Estimasi Data Panel ......................................................... 62
  4.3.1 Uji Chow Test ............................................................... 62
  4.3.2 Uji Hausman Test ............................................................ 63

4.4 Uji Regresi ............................................................................. 63

4.5 Uji Hipotesis ........................................................................ 65
  4.5.1 Uji t Statistik ................................................................. 65
  4.5.2 Uji F Statistik ................................................................. 73
BAB V KESIMPULAN DAN SARAN

5.1 Kesimpulan .............................................................................................................. 75

5.2 Saran ......................................................................................................................... 76
