BAB I PENDAHULUAN

A. Latar Belakang Masalah .................................................................................. 1
B. Identifikasi Masalah .......................................................................................... 7
C. Pembatasan Masalah .......................................................................................... 8
D. Perumusan Masalah ............................................................................................ 8
E. Kegunaan Penelitian .......................................................................................... 9

BAB II KAJIAN TEORITIK

A. Deskripsi Konseptual......................................................................................... 11
   1. Teori Agensi ..................................................................................................... 11
   2. Biaya Agensi .................................................................................................... 12
   3. Manajemen Laba.............................................................................................. 16
   4. Ukuran Perusahaan ......................................................................................... 27
   5. Kepemilikan Manajerial.................................................................................. 28
   6. Profitabilitas ................................................................................................... 29
   7. Asimetri Informasi .......................................................................................... 31
B. Hasil Penelitian Relevan .................................................................................. 33
C. Kerangka Teoritik ............................................................................................. 41
D. Perumusan Hipotesis Penelitian ....................................................................... 44
BAB III METODELOGI PENELITIAN
A. Tujuan Penelitian ................................................................. 48
B. Objek dan Ruang Lingkup Penelitian ..................................... 48
C. Metode Penelitian ............................................................... 49
D. Populasi dan Sampel ............................................................ 49
E. Operasional Variabel Penelitian ............................................ 51
F. Teknik Analisis Data ............................................................ 55
   1. Statistik Deskriptif ............................................................ 56
   2. Uji Asumsi Klasik ........................................................... 56
   3. Uji Model Regresi ............................................................ 60
   4. Analisis Regresi Linier Berganda ........................................ 62
   5. Uji Hipotesis .................................................................. 63

BAB IV HASIL DAN PEMBAHASAN
A. Deskripsi Data ................................................................... 64
   1. Hasil Pemilihan Sampel ................................................... 64
   2. Analisis Statistik Deskriptif ............................................... 66
      2.1. Manajeme Laba .......................................................... 66
      2.2. Ukuran Perusahaan ................................................... 67
      2.3. Kepemilikan Manajerial .............................................. 68
      2.4. Profitabilitas .............................................................. 68
      2.5. Asimetri Informasi ...................................................... 69
B. Pengujian Hipotesis ............................................................. 69
   1. Pengujian Model Regresi ................................................... 69
      1.1. Uji Chow ................................................................. 70
   2. Uji Asumsi Klasik ........................................................... 71
      2.1. Uji Normalitas .......................................................... 71
      2.2. Uji Autokorelasi ......................................................... 72
      2.3. Uji Multikolinearitas ................................................. 73
      2.4. Uji Heterokesdastisitas ............................................. 74
   3. Analisis Regresi Linear Berganda ...................................... 75
   4. Uji Hipotesis ................................................................. 77
BAB V KESIMPULAN, IMPLIKASI DAN SARAN

A. Kesimpulan ............................................................................. 89
B. Implikasi ..................................................................................... 90
C. Saran ............................................................................................ 92
