

1. Waktu yang dimiliki oleh peneliti yang cukup terbatas dalam menyusun penelitian ini, sehingga hasil penelitian belum maksimal.
2. Penelitian ini dilakukan pada saat *high season* dan hanya terbatas pada daerah Jakarta Pusat, sehingga jumlah kuesioner yang disebar dalam jumlah yang sedikit, namun masih bisa digunakan.

5.3 Saran

1. penelitian berikutnya disarankan untuk dilakukan didaerah yang cakupan lebih luas dengan jumlah sampel yang lebih besar.
2. penelitian berikutnya diharapkan menggunakan gaya kepemimpinan orientasi. Karena gaya kepemimpinan yang digunakan hanya menggunakan gaya kepemimpinan direktif, suportif, dan partisipatif.
