</tr>
<tr>
<td>D. Perumusan Masalah ................................................</td>
</tr>
<tr>
<td>E. Kegunaan Penelitian .............................................</td>
</tr>
</tbody>
</table>

## BAB II

### KAJIAN TEORETIK

<table>
<thead>
<tr>
<th>Halaman</th>
</tr>
</thead>
</table>
| A. Deskripsi Konseptual 
1. Keputusan Pembelian ........................................... | 9 |
2. Gaya Hidup .............................................................. | 17 |
B. Hasil Penelitian yang Relevan ................................. | 24 |
C. Kerangka Teoretik .................................................... | 28 |
D. Perumusan Hipotesis Penelitian ............................... | 31 |
BAB III METODOLOGI PENELITIAN

A. Tujuan Penelitian ................................................................. 32
B. Tempat dan Waktu Penelitian ............................................. 33
C. Metode Penelitian
   1. Metode .................................................................................. 33
   2. Konstelasi Hubungan Antar Variabel ................................. 34
D. Populasi dan Sampling .......................................................... 35
E. Teknik Pengumpulan Data
   1. Keputusan Pembelian (Variabel Y)
      a. Definisi Konseptual ........................................................... 37
      b. Definisi Operasional .......................................................... 37
      c. Kisi-Kisi Instrumen Keputusan Pembelian ...................... 38
      d. Validasi Instrumen Keputusan Pembelian ....................... 39
   2. Gaya Hidup (Variabel X)
      a. Definisi Konseptual ........................................................... 41
      b. Definisi Operasional .......................................................... 42
      c. Kisi-Kisi Instrumen Gaya Hidup ........................................ 42
      d. Validasi Instrumen Gaya Hidup .......................................... 43
F. Teknik Analisis Data
   1. Mencari Persamaan Regresi .................................................. 46
   2. Uji Persyaratan Analisis
      a. Uji Normalitas Galat Taksiran Y atas X ....................... 47
      b. Uji Linearitas Regresi ....................................................... 48
   3. Uji Hipotesis
      a. Uji Keberartian Regresi .................................................... 48
      b. Perhitungan Koefisien Korelasi ...................................... 49
      c. Uji Keberartian Koefisien Korelasi (Uji-t) ............... 50
      d. Perhitungan Koefisien Determinasi .............................. 51
BAB IV HASIL PENELITIAN DAN PEMBAHASAN

A. Deskripsi Data
   1. Keputusan Pembelian ................................................................. 52
   2. Gaya Hidup ................................................................................. 56

B. Analisis Data
   1. Persamaan Garis Regresi .............................................................. 59
   2. Pengujian Persyaratan Analisis
      a. Uji Normalitas Galat Taksiran Y atas X ......................... 60
      b. Uji Linearitas Regresi .............................................................. 61
   3. Pengujian Hipotesis .................................................................. 61

C. Pembahasan .................................................................................. 63

BAB V KESIMPULAN, IMPLIKASI DAN SARAN

A. Kesimpulan ................................................................................. 65
B. Implikasi ....................................................................................... 65
C. Saran ............................................................................................ 67
