LEMBAR PENGESAHAN SKRIPSI ................................................................. iv

PERNYATAAN ORISINALITAS ........................................................................ v

KATA PENGANTAR ............................................................................................ vi

DAFTAR ISI .............................................................................................................. viii

DAFTAR TABEL ...................................................................................................... x

DAFTAR GAMBAR ............................................................................................... xi

DAFTAR LAMPIRAN ............................................................................................. xii

BAB 1 PENDAHULUAN ...................................................................................... 1
  A. Latar Belakang ............................................................................................... 1
  B. Rumusan Masalah ....................................................................................... 11
  C. Tujuan Penelitian ....................................................................................... 11
  D. Kegunaan Penelitian .................................................................................. 12

BAB II KERANGKA TEORITIK ........................................................................... 13
  A. Deskripsi Konseptual ............................................................................... 13
     1. Teori Agensi ............................................................................................. 13
     2. Teori Stakeholder .................................................................................. 16
     3. Tax Avoidance ....................................................................................... 18
     4. Komite Audit .......................................................................................... 25
     5. Sales Growth .......................................................................................... 28
     6. Ukuran Perusahaan ............................................................................... 30
  B. Hasil Penelitian Yang Relevan ................................................................. 33
  C. Kerangka Teoritik ..................................................................................... 42
DAFTAR TABEL

Tabel II.1 Ringkasan Penelitian Terdahulu .......................................................... 33
Tabel III.1 Kriteria Sampel Penelitian ................................................................. 50
Tabel IV.1 Total Amatan Penelitian ................................................................. 67
Tabel IV.2 Hasil Statistik Deskriptif Sebelum Uji Outlier ................................ 68
Tabel IV.3 Hasil Statistik Deskriptif Setelah Uji Outlier ................................ 68
Tabel IV.4 Distribusi Frekuensi Tax Avoidance ........................................... 70
Tabel IV.5 Distribusi Frekuensi Komite Audit .............................................. 72
Tabel IV.6 Distribusi Frekuensi Sales Growth ............................................... 74
Tabel IV.7 Distribusi Frekuensi Ukuran Perusahaan .................................. 76
Tabel IV.8 Hasil Uji Chow .............................................................................. 78
Tabel IV.9 Hasil Uji Hausman ........................................................................ 79
Tabel IV.10 Hasil Uji Lagrange Multiplier .................................................... 80
Tabel IV.11 Hasil Uji Normalitas ..................................................................... 81
Tabel IV.12 Hasil Uji Multikolonieritas .......................................................... 82
Tabel IV.13 Hasil Uji Heteroskedastisitas ..................................................... 83
Tabel IV.14 Hasil Uji Autokorelasi ................................................................. 84
Tabel IV.15 Hasil Regresi Data Panel dengan Random Effect Model ....... 85
Tabel IV.16 Hasil Koefisien Determinasi R² ................................................. 87
Tabel IV.17 Hasil Uji Statistik F ..................................................................... 88
Tabel IV.15 Hasil Uji Statistik T ..................................................................... 89
DAFTAR GAMBAR

Gambar I.1 Target dan Realisasi Penerimaan Perpajakan Indonesia ....................... 3
Gambar I.2 Rasio Pajak Indonesia Tahun 2010 - 2018 ............................................. 4
Gambar II.1 Kerangka Teoritik .................................................................................. 46
Gambar IV.1 Histogram Tax Avoidance .................................................................. 71
Gambar IV.2 Histogram Komite Audit .................................................................... 73
Gambar IV.3 Histogram Sales Growth .................................................................... 75
Gambar IV.4 Histogram Ukuran Perusahaan ........................................................... 77
DAFTAR LAMPIRAN

Lampiran 1 Daftar Sampel Perusahaan Penelitian .................................................111
Lampiran 2 Data Perusahaan Outlier .......................................................................113
Lampiran 3 Perhitungan Tax Avoidance .....................................................................114
Lampiran 4 Perhitungan Komite Audit ........................................................................118
Lampiran 5 Perhitungan Sales Growth ........................................................................122
Lampiran 6 Perhitungan Ukuran Perusahaan ...............................................................127
Lampiran 7 Rekapitulasi Hasil Perhitungan Seluruh Variabel ....................................132
Lampiran 8 Hasil Statistik Deskriptif ...........................................................................137
Lampiran 9 Hasil Uji Chow .......................................................................................138
Lampiran 10 Hasil Uji Hausman ................................................................................139
Lampiran 11 Hasil Uji Lagrange Multiplier .................................................................140
Lampiran 12 Hasil Pengujian Model Random Effect .....................................................141
Lampiran 13 Uji Normalitas Sebelum Outlier ...............................................................142
Lampiran 14 Laporan Keuangan PT Surya Toto Indonesia Tbk ..................................143
Lampiran 15 Kartu Konsultasi Bimbingan Skripsi .....................................................148
